JANUARY 2003

From the Office of Fifth District Supervisor Jerry Eaves

I had the pleasure of hosting a Recognition Reception on December 4, 2002. Sixteen San Bernardino County employees who have made significant contributions to improving the quality of life for Fifth District residents were honored. Well over one hundred well-wishers and district residents attended the reception.

Demolitions Planned for Fifth District

Funding has been provided to Code Enforcement by Fifth District Supervisor Jerry Eaves to demolish structures on five properties deemed health and safety hazards. These demolitions will improve the quality of life for those residents in the surrounding area by ridding neighborhoods of unsightly and unsafe structures.

The five properties include: 8199 Whitlock Avenue, 1959 Porter Street, 2180 Mallory Street, 3352 Otono Court and 3966 Acapulco Avenue. Bids have been received from eight contractors by the County's Purchasing Department. Once the bid process is completed contracts can be awarded and work will proceed.

The next phase of potential structures to be demolished will begin shortly. The Fifth District has already designated funding. Ridding the District of structures deemed a health and safety risk is a priority, which will continue to be funded as necessary.

Code Enforcement may be contacted at 909-387- 4044 about problems in your neighborhood. The toll free number is 1-800-722-3181. The initial telephone call will begin the process of enforcement.
